Dear Allsafe Customer,

This news letter is of particular importance to food manufacturers who are BRC (British Retail Consortium) Global Standard for Food certificated. For caterers, restaurants and food manufacturers we also have a link to some excellent posters to reinforce your training and they are FREE!

The BRC Global Standard for Food - Issue No 5 came into force on 1st July. There are a number of additional clauses to the standard which brings the total number of clauses to 326.

There is more focus on Management Commitment and additional specific requirements and more detail required on allergens and site security for example.

To help you through updating your systems click on **BRC Update** on the menu for an overview all all clauses and the additional requirements.

Why not save time by purchasing our Food Safety Management Pack which covers all clauses of the standard and is set out in a quality manual in order of the standard. It comes complete with step by step guides where necessary and all templates can be edited on the disk provided in the pack.

Click on **Food Safety Management Pack** on the menu for full details and secure online ordering.

FREE posters to reinforce your food safety training are now available. They have been produced by the Food Standards Agency and were launched as part of the Food Safety Week campaign. Take advantage of these excellent A3 posters. Click on **Free Posters** on the menu for details on how to order and for previews.

Don't forget we provide more **food safety distance learning courses** than any other company so keep your training consistent and low cost by using the ALLSAFE brand.

Click on **Distance Learning** for the link to all our distance learning courses.

We also provide a range of 'do it yourself' management packs for HACCP (for caterers and small manufacturers), BRC Standards, ISO 22000 and Traceability. Click **HACCP Packs** on the menu for details and secure online ordering.

Did you Know? Metal detectable products are also included in our range. If you are looking for metal detectable pens, metal detectable plasters or metal detectable hairnets click on **Metal Detectable Products** on the menu for full details and secure online ordering.

Click the **'Forward to a Colleague/Friend'** link below to send this on to anyone you know who you think maybe interested in our products.

In the next newsletter there will be a promotion on a new rapid hygiene testing swab which will tell you in minutes if your work surface or equipment is clean - Don't miss it.
